

Hi All,

Our next monthly meetup is next Friday (6th December)! Join us at 11am in the Worsley building (room 11.87) for coffee, cake and chats about all the events we have planned, along with community updates and news in the field of machine learning.

---

### **NEW MAILING LIST!**

We have made the decision to restart our mailing list, which has become bloated with graduates who have moved out of the field of scientific machine learning. Hopefully this will also fix the issues we have had recently with delivery.

If you would like to stay on our mailing list [CLICK THIS LINK](#) to sign up again.

### **Updates**

- We now have a dedicated email address you can contact us on, [sciml@leeds.ac.uk](mailto:sciml@leeds.ac.uk).
- The committee has made the call to not send anyone to AIUK. We understand that this is disappointing news, however if you would like support with applying to alternative funding please reach out to someone on committee!
- We have a Teams channel under the LIDA group - [click here to visit it](#) and make sure to turn channel notifications on!
- We will soon be sending out a **new Teams invite** for 2025, deprecating the existing invites (that Leif sent out). From January 2025, if you would like to join the coffee mornings virtually, you will need to access via the new invite.
- If you'd like to add your profile to [sciml-leeds.github.io](https://sciml-leeds.github.io), we have a tool to make this easier. [Click here](#) and fill out the form with your details.

## Resources & Opportunities

- Join the SciML Committee! If interested, email [sciml@leeds.ac.uk](mailto:sciml@leeds.ac.uk), or chat to someone on committee at any of our events.
  - [Turing Online Learning Platform](#): Free and open learning resources on Data Science and AI, designed for self-paced study and tailored to diverse audiences.
  - [AIUK Conference](#) in London, March 2025.
